Registration Guide
Requirements for Becoming a Teacher of Technological Education in Ontario
Including multi-session programs
To teach in Ontario’s publicly funded elementary and secondary schools, you must be a member in good standing of the Ontario College of Teachers. The College is the self-regulatory body for Ontario’s teaching profession. It is our responsibility to ensure that everyone who is licensed to teach in this province is qualified.

Please be aware that as of September 1, 2015, Ontario’s teacher education program has changed. The four-semester program has an increased practicum of 80 days and includes an enhanced focus in areas such as special education, how to teach using technology, and diversity. As a result of these changes, new teacher education program requirements for certification took effect on September 1, 2015.

Your credentials will be assessed according to these new teacher education program requirements available in regulation, subject to some exceptions.

Under the provisions of the *Ontario College of Teachers Act* and its regulations, applicants with certification in another Canadian province or territory will not be subject to the new teacher education program requirements since they will be assessed as labour mobility applicants.
Important: Please read the following information carefully about your certification requirements.

As of September 1, 2015, Ontario’s teacher education program changed. The four-semester program with an increased practicum of 80 days now includes an enhanced focus in areas such as special education, how to teach using technology, and diversity. As a result of these changes, new teacher education program requirements for certification took effect as of September 1, 2015.

**How will these new requirements affect you?**

The chart below will provide more information about the new teacher education program requirements and how they apply specifically to you.

This information is only intended to provide you with guidance in the application process. This chart does not provide a certification decision or a credential evaluation. The College will conduct an assessment of whether the enhanced program certification requirements apply to you following the submission of your application.

Requirements

This section outlines requirements for certification as a teacher of technological education. Information on the proof needed to satisfy these requirements follows on pages 7 to 15.

Education
To teach technological education you need an Ontario secondary school diploma or its equivalent. You also need to have completed a teacher education program that is accredited by the College or an equivalent program that is acceptable to the College.

Teacher education program
Please note that in the Canadian postsecondary system, an academic year is usually comprised of two semesters.

The College will also consider programs that include academic and teacher education courses, provided it is a combination of:

- three years of academic coursework and;
- four semesters of teacher education coursework.

The four-semester teacher education program generally consists of the following:

- 10 per cent focused on education foundations (i.e. the history, philosophy and psychology of education);
- 20 per cent focused on teaching methods suitable for two teaching qualifications in Ontario (i.e. how to teach students in particular grades or subjects);
- 20 per cent in practice teaching – a minimum of 80 days of practice teaching supervised by the program provider; and
- 50 per cent in any other areas of education to support methodology coursework, such as classroom management, how to use research data and new technology, supporting students with special learning needs and those from diverse communities.

Your teacher education program must be academic, not employment-based and completed at the postsecondary level. The College accepts distance education programs provided that they included a face-to-face practicum. It must also lead to certification or authorization to teach in the jurisdiction where you completed the program. Your program must meet all of the requirements previously mentioned.

If your program did not have the minimum 80 days (400 hours) of practice teaching, the College will accept evidence of at least one year of teaching experience as a certified teacher.

If you completed a teacher education program outside Canada, and you did not complete at least 80 days of practice teaching as part of your teacher education program, but you have completed at least one year of teaching experience, arrange for an education authority, such as a principal, to send a letter directly to the College. This teaching experience must have occurred as a certified teacher and after the completion of your teacher education program.
This official letter needs to verify that you taught for at least one year in a public elementary or secondary school. It must also list the dates of your employment and the grade levels and subjects you taught.

If you are certified in another Canadian jurisdiction, your teacher education program will meet the College requirements.

The program should prepare you to teach grades in two consecutive divisions:

- Primary/Junior divisions (kindergarten to Grade 6)
- Junior/Intermediate divisions (Grades 4 to 10)
- Intermediate/Senior divisions (Grades 7 to 12).

Any coursework that prepares you to teach in the Intermediate or Senior division must include methodologies for one or more teaching subjects (listed on the inside back cover) at those levels.

The program must prepare you to teach one of these technological education subjects: communications technology, computer technology, construction technology, green industries, hair-styling and aesthetics, health care, hospitality and tourism, manufacturing technology, technological design, transportation technology.

**If you are in a multi-session program in Ontario or another Canadian jurisdiction**

At the end of the first session of your multi-session teacher education program, you may apply to the College for a Transitional Certificate of Qualification and Registration, which allows you to teach for up to six years with a possible one-year extension. To maintain good standing with the College during this time, you must pay your annual membership fee. You must complete your program within six years. You must also maintain your good standing with the College during this time by paying your annual membership fee.

The first session of your program must have a practicum of a minimum of 10 days and 12 postsecondary credits or their equivalent. Of these, nine credits must be in education methods and three in education foundations, or six credits in methodology and six in foundations. This leads to a Transitional Certificate of Qualification and Registration.

**Note: the minimum practicum requirement applies to teacher education programs that began on or after September 1, 2015.**

If you were enrolled in a College-accredited, multi-session program prior to May 2011 and have not yet completed your program, you may be eligible for a Transitional Certificate of Qualification and Registration.

When you have completed the rest of the program, and the College receives confirmation to this effect from your faculty of education, you are eligible for a Certificate of Qualification and Registration, which is your permanent licence to teach in Ontario.

If you do not complete your program within six years, your Transitional Certificate will expire unless you received a one year extension. If your certificate expires, you must complete a teacher education program before you can reapply to the College.

If you hold a teaching certificate from another Canadian province or territory, you will be assessed as a labour mobility applicant under the provisions of the Ontario College of Teachers Act and its regulations and you will not be subject to the new teacher education program requirements.
Certification Procedures
To be eligible for certification without conditions, your program must be academic, not employment-based and completed at the post-secondary level. It must also lead to certification or authorization to teach in the jurisdiction where you completed the program. Your program needs to include at least four semesters of teacher education coursework and meet all of the requirements previously mentioned. In addition, you will still have to meet the academic, language proficiency and professional suitability requirements for certification.

For internationally educated teachers and those who have completed a one-year teacher education program in Ontario: to be eligible for certification with conditions, your teacher education program must be academic, not employment-based and completed at the postsecondary level. It must also lead to certification or authorization to teach in the jurisdiction where you completed the program. Your program needs to include a minimum of two semesters of teacher education coursework and contain methodology coursework suitable for at least one teaching qualification in Ontario College’s minimum practice teaching requirement for certification with conditions is the completion of 20 days of supervised practice teaching.

In addition, you will still have to meet the academic, language proficiency and professional suitability requirements for certification. Please note that, once certified, the balance of coursework required to satisfy the duration and composition of the four-semester teacher education program will be listed as conditions on your certificate.

Please be advised that the College determines the duration of teacher education coursework based on one academic year of study (the equivalent of two semesters) in a program.

The following chart provides examples of certification outcomes.

Language proficiency
You must be able to communicate effectively in English or French.

You meet the College’s requirements if:

You will need to provide proof of language proficiency if:

- you completed your teacher education program in a country not on the list provided
- you completed your teacher education program in a country not on the list provided and you are certified in another Canadian jurisdiction, which did not require proof of language proficiency at the time of your certification.

Technological competence

You must have an acceptable level of skill and knowledge in the technological area you want to teach.

Work experience

You must have work experience in the area in which you want to teach. This does not include teaching experience.

You need a total of five years accumulated in one of two ways:

1. Five years (1,700 hours represents one year), of work experience (excluding teaching) in business or industry where you used knowledge and skill in the area of technology you chose in your program of teacher education.

OR

2. A combination of postsecondary education and work experience in business or industry where you used knowledge and skill in the area of technology you chose in your program of teacher education. This must include at least two years of work of which at least four months must be continuous employment. Your postsecondary education or apprenticeship program must be acceptable to the College.

You can use up to one year of work experience as a part of a work placement or co-operative work placement if your postsecondary program included a required work placement or co-operative work placement and the work experience occurred after you completed at least 50 per cent of your program.

Your work must have been:

- in business or industry
- in a location where work would regularly occur
- monitored, supervised and assessed or evaluated
- formally documented.

The following do not count as work experience:

- observing a skilled tradesperson or observing at a work site
- touring a facility
- attending a trade show
- volunteering, such as with Habitat for Humanity
- supervising, unless you used knowledge and skills directly related to your technology area.

Professional suitability

You must demonstrate that you are of good character to be able to teach in Ontario. To assess your professional suitability, the College requires that you provide:

- a current Canadian criminal record check report
- complete responses to the Applicant Declaration questions in the online application about your suitability for registration.

The Applicant Declaration is part of the online application and provides the College with information necessary to assess your professional suitability. It includes questions about your certification / authorization to teach in other jurisdictions, previous professional disciplinary proceedings or actions and criminal background.
Questions include, but are not limited to:

- has your authorization and/or certification to teach ever been suspended or cancelled in another jurisdiction, including outside of Canada, other than for failure to pay fees?
- have you ever been subject to an investigation or proceeding relating to working with children or students in capacities other than teaching?
- have you ever been disciplined by an employing school district or independent authority or other educational organization?

The complete Applicant Declaration is contained in the online application. You must answer all questions and provide details and explanations where appropriate before the College can process your application.

If you completed a teacher education program in a jurisdiction outside Ontario, you must also provide a teaching certificate and statement of professional standing from that jurisdiction, even if you never taught there to demonstrate professional suitability.

If you are or were authorized or certified to teach in a jurisdiction outside Ontario, you must provide a teaching certificate and statement of professional standing from each applicable jurisdiction.

Documents

When you apply to the College for certification, you will need to provide supporting documents.

Some documents you must submit to the College yourself, like proof of identity or an original criminal record check.

Other documents, like transcripts or verification letters, must come directly from the institution to the College. If you have had your transcripts or documents previously sent to World Education Services (WES) directly from the granting institution, you may request that they forward a copy of these to the College. Please contact WES for more information. Note: the College will not accept any translations provided by WES, nor any assessment of your credentials made by WES or any other organization.

If you are certified in another Canadian jurisdiction, and you are unable to provide official transcripts, the College will accept a certified true copy from your provincial or territorial ministry of education or college of teachers.

Any certified copy submitted must be a copy of an original document sent directly from a granting institution to the provincial or territorial ministry of education or college of teachers.

Any document, whether a birth certificate or transcript, that is not in English or French must be translated according to the College requirements outlined.

The College cannot waive requirements for any documents. The College may ask for more information about a document or for more documents. The College does not accept assessments of your qualifications made by other organizations.

Translation requirements for any document not in English or French

You must arrange for a translator acceptable to the College to translate any document not in English or French.

For documents you submit yourself, such as a birth certificate, include the original translation with a copy of the certificate.

Some documents must be submitted to the College by a granting institution on your behalf.

If the College receives an acceptable document from the granting institution that is not in English or French, we will send you a copy once you have applied.

You must arrange for the translation.

When you send us the original translation, include a copy of the foreign-language document.

All translations must be accompanied by an original statement from the translator indicating:

- the translation is accurate and authentic
- the translator belongs to one of the acceptable categories (see “Acceptable translators”)
- the identification number and/or seal, name, address and telephone number of translator
- printed name and original signature of the translator.
Acceptable translators
To obtain the name of an accredited translator, contact the Association of Translators and Interpreters of Ontario (ATIO) at 1-800-234-5030 or 613-241-2846 (email: info@atio.on.ca; website: www.atio.on.ca).

Please confirm with ATIO that the translator is certified to translate into English or French from the language of the document. Translations completed by ATIO candidates for certification are not acceptable.

We also accept translations from:

- the consulate, high commission or embassy to Canada of the country that issued the documents; this information is available at www.international.gc.ca/protocol-protocole/reps.aspx
- a Canadian embassy, consulate, or high commission in the country from which the document comes; this information is available at www.international.gc.ca/cip-pic/embassies-ambassades.aspx
- a translator who has received accreditation through a federal, provincial or municipal government in Canada
- COSTI translation services, if no other certified translator is available; COSTI-IIAS Immigrant Services at 416-658-1600, info@costi.org or www.costi.org
- a translator certified by a professional association of translators in Canada, a list of which is available on the website of the Canadian Translators, Terminologists and Interpreters Council at www.cttic.org
- a translator certified by The Ordre des traducteurs, terminologues et interprètes agréés du Québec (OTTIAQ), a list of which is available at www.ottiaq.org.

Keep copies of what you submit as the College does not return documents.

Questions?
Contact the College: Client Services at info@oct.ca, 416-961-8800 or toll-free in Ontario at 1-888-534-2222.

Documents you must submit

Proof of identity
The College requires proof of your identity, a copy of an official document that shows your:

- first, middle and last names at birth
- date and place of birth.

Submit a copy of one of the following documents. Or submit copies of more than one if needed to show all the information above:

- birth certificate
- passport
- Indian Status Card
- certificate of baptism if born in Québec or in Newfoundland or Labrador before January 1994
- Permanent Resident Card (front and back)
- Canadian immigration record and visa (front and back)
- Record of Landing (front and back).

These are not acceptable as proof of identity: driver’s licence, Ontario health card, Canadian citizenship card.

All documents not in English or French must be translated.

Proof of name change, if applicable
If you married and changed your name, send a copy of your marriage certificate.

If you changed your name legally, send a copy of the change of name certificate or the court order that changed your name.
Canadian criminal record check
You must submit an original, signed, Canadian criminal record check report.

The report must not be older than six months from the date the College receives it. The report must include your current and past full names. These will have to match your proof of identity documents.

The report must indicate that a search was done on all of your names (including first, middle, last and any former last name) using the Canadian Police Information Centre (CPIC) database. A vulnerable sector check is not required for registration with the College.

You can obtain a criminal record check report from a local, regional or national police service.

If you are applying from outside of Canada, you can obtain a criminal record check by contacting the Royal Canadian Mounted Police (RCMP) at www.rcmp-grc.gc.ca.

Having a positive declaration and/or information obtained from a criminal record check will delay processing of your application.

Having a criminal record does not mean you are automatically ineligible for certification. If there is something on your criminal record, your application will not proceed until the College receives a signed letter from you that explains in detail all the dates, circumstances and outcomes of the events. The College assesses each report individually.

Check the date on your criminal record check. The College must receive it within six months of the issue date.

Secondary school diploma
If you do not have a postsecondary degree, send in a copy of your Ontario secondary school diploma (Grade 12) or its equivalent.

If you have a postsecondary studies transcript, you can have that transcript submitted on your behalf and then you do not need to send a copy of your secondary school diploma.

Keep copies of what you submit as the College does not return documents.

Proof of work experience
You will need to show that you have accumulated five years of work experience, outside of teaching, in your technological field.

Combination of postsecondary education and work experience
If you have accumulated five years of work experience (1,700 hours equals one year) through a combination of postsecondary education and work experience in your trade, your postsecondary transcripts must be forwarded directly to the College by the postsecondary institution. You must also submit proof of your work experience as described below.

Work for an employer or through a union hall
If you worked for an employer or through a union hall, submit a copy of a signed letter on official company or union letterhead. It must be written by a supervisor familiar with your work. It must attest to:

- the length of your employment, indicating start and end dates and whether the work was full-time or part-time
- the nature of your employment (job description), providing specific statements of the knowledge and skills you used.
If you acquired experience as a manager or supervisor, specific statements of the knowledge and skills used in the position must be in the letter.

The College understands that it can be impossible to obtain such a letter, for instance in cases of bankruptcy or the death or retirement of an owner, or where you have worked in a family business or when you do not want to reveal that you may be leaving your place of employment.

In these exceptional cases, the College may consider the following three items, taken together, as proof:

1. an original sworn statement, signed by a commissioner of oaths, that states the reasons the information is not available

AND

2. an original sworn statement, signed by a commissioner of oaths, that states the length of your employment, with the start and end dates and the nature of your duties (providing specific and comprehensive statements of the knowledge and skills used)

AND

3. copies of T-4 tax forms that support the length and place of employment or an original statement from an accountant that confirms income.

Self-employed
Submit all of the following four items if you were self-employed or had a sole proprietorship:

1. an original sworn statement, signed by a commissioner of oaths, that states the following:

you were self-employed; the length of employment, with the start and end dates; your duties (providing specific and comprehensive statements of the knowledge and skills used); and that you have not been sued

AND

2. a copy of your business licence or registration or a business bank account that supports the length of employment noted in the sworn statement

AND

3. copies of income tax assessments that show self-employment and support the length of employment noted in the sworn statement, or a statement from an accountant confirming income, or an annual report

AND

4. copies of at least three letters from major suppliers attesting to materials you bought or from clients attesting to the work you did during the period; none may be a family member.

In exceptional circumstances, the College may ask for other evidence.
Proof of technological competence
You must provide a copy of your licence or trade certificate.

If you do not have a licence or trade certificate because your trade is not regulated, provide proof of your work experience acceptable to the College as detailed on pages 9-10.

Teaching certificates from other jurisdictions, if applicable
If you completed a teacher education program outside Ontario or were licensed in another jurisdiction, you must submit a copy of your teaching certificate, principal’s certificate, or other document that confirms you were authorized to teach. This applies even if you did not teach there.

If you were authorized to teach in more than one jurisdiction, you must provide copies of the authorizations issued by each jurisdiction.

Any certified copy submitted must be a copy of an original document sent directly from a granting institution to the provincial or territorial ministry of education or college of teachers.

The College knows many countries do not issue these certificates. Many applicants can meet this requirement by sending a copy of their teacher education degree or diploma scroll to the College. For more information, see www.oct.ca/becoming-a-teacher/internationally-educated-teachers/country-info for more detailed information about your document requirements.

The College cannot accept these documents from you even if they are in a sealed envelope.

If the documents are not in English or French, ask the institution to include an English or French covering letter that includes your full name as it appears on your College application and your College application number. When we receive the document, we will send a copy to you once you apply so that you can arrange for translation. See “Translation requirements” on page 7.

If you have difficulty obtaining a document, you may be able to submit an alternative. Check the College website at www.oct.ca/becoming-a-teacher/internationally-educated-teachers/required-documents.

Transcripts
If you completed your education in Ontario, you may be able to order transcripts from the Ontario Universities’ Application Centre (OUAC) by clicking on the OUAC Transcripts link in your online College application.

Or check with the registrar’s office at the institution where you completed your education to find out how to order your transcript.

Transcripts issued to students and submitted to the College in a sealed, unopened envelope are not acceptable and will not be returned.

You may find it useful to review the information the College has gathered about academic documents from the country where you completed your education. For more information, see www.oct.ca/becoming-a-teacher/internationally-educated-teachers/country-info.
The College recognizes that some jurisdictions issue transcripts once only. If this is your case, bring your original academic record and diploma or degree document to the College in person or send it to us by mail for verification. In this circumstance, we will return your original documents by courier.

**In addition to your transcript, the College may ask you for a copy of the degree, diploma or certificate you received.**

**The College cannot waive the requirement for any document.**

**Teacher education program transcript**

If you have completed the first session of a multi-session program in Ontario or another Canadian jurisdiction:

You must arrange to have your partial teacher education transcript sent to the College. Contact the institution where you completed your first session of a multi-session program and ask them to send a transcript to the College.

The transcript must show you have completed 12 postsecondary credits and 10 days of supervised practice teaching – or their equivalent – and must:

- have the institution’s seal
- show the date the credits were completed
- be signed by the registrar or equivalent official.

**Note: the minimum practicum requirement applies to teacher education programs that began on or after September 1, 2015.**

If you have completed your teacher education program:

You must arrange to have your final teacher education transcript sent to the College. Contact the institution where you completed the program and ask them to send a transcript to the College.

The transcript showing that your teacher education degree or credential has been granted (conferred or awarded) must:

- have the institution’s seal
- show the name of the degree or credential
- show the credits/hours completed in each course
- show the date it was granted
- be signed by the registrar or equivalent official.

**Transcripts and verification letters must come directly from the institution to the College. The College cannot accept them from you, even in an unopened, sealed envelope.**

**Verification letter for teacher education program, if needed**

The information listed on an academic transcript can vary, depending on the jurisdiction. In some cases, the College will need, in addition to the transcript, a letter from the institution that shows you have completed all the components of an acceptable teacher education program.

The College needs this information on the transcript or in the letter:

- the dates you attended and completed the program
- the name of the credential or degree granted and the date it was granted
• the hours or credits of study you completed for each course according to each term or year of study
• if your program focused on the secondary school level, the specific subjects for which you completed course work
• if the entire program was in English or French, verification of the language of instruction
• the specific subjects for which you completed courses in teaching methods
• method of delivery for all your courses (for example, in-class, distance or employment-based)
• length of practicum in hours, days or weeks
• the grade levels and subjects you taught in the supervised practicum.

This letter must have the institution’s seal and the signature of the registrar or equivalent official.

If your teacher education program was outside Canada or the US, sending a copy of your course descriptions can be helpful. All documents not in English or French must be translated. See page 7 for translation requirements and accredited translators.

Transcripts and verification letters must come directly from the institution to the College. The College cannot accept them from you, even in an unopened, sealed envelope.

Postsecondary studies transcript, if applicable
Order your transcript from OUAC if you completed your postsecondary studies in Ontario, or contact the institution where you completed your postsecondary education and ask them to send an academic transcript to the College. If some of your credits came from a different institution, you may have to get a transcript from that institution as well. The transcript showing that your postsecondary degree has been granted (conferred or awarded) must:

• have the institution’s seal
• show the name of the degree or credential
• show the date it was granted
• be signed by the registrar or equivalent official.

Verification letter for postsecondary degree, if needed
If the following information is not included on your transcript, ask the institution to also send the College a letter with the institution’s seal and the signature of the registrar or equivalent official verifying:

• the hours of study you completed for each course according to each term or year of study
• the name of the degree or credential you were granted
• the date your degree was granted.

Transcripts and verification letters must come directly from the institution to the College. The College cannot accept them from you, even in an unopened, sealed envelope.

Proof of language proficiency, if applicable
If you meet the College language proficiency requirement as described on page 4 (first two bullet points) you do not need to provide additional documents.

If you must provide proof of proficiency in English or French, you may do so in one of these four ways:

1. if you completed your teacher education program entirely in English or entirely in French, ask the head of the institution
you attended to send a letter to the College. The letter needs to confirm the language of instruction for the entire program when you attended. If the College’s evaluation of your teacher education program finds it unacceptable, you will have to use option 2, 3 or 4 to prove your proficiency in English or French.

2. if you completed both your elementary and postsecondary education or both your secondary and postsecondary education entirely in English, ask each institution to send a letter to the College confirming English as the language of instruction for the entire program when you attended.

OR

if you completed both your elementary and postsecondary education or both your secondary and postsecondary education entirely in French, ask each institution to send a letter to the College confirming French as the language of instruction for the entire program when you attended.

3. if you completed your teacher education program in a country not on the list on page 4 but you are certified in another Canadian jurisdiction, and at the time of certification you were assessed for language proficiency and met that jurisdiction’s requirements.

4. complete one of the acceptable language proficiency tests and ask the testing agency to send your results to the College. If you have special needs because of a disability, please contact the testing agency directly to confirm appropriate arrangements can be made to accommodate you. The College cannot accept test results older than two years.

Proof of language proficiency must come directly from the institution to the College. The College cannot accept proof from you, even in an unopened, sealed envelope. The College cannot waive the requirement for any document.

Acceptable language tests
The College accepts results only from these tests.

Statement of Professional Standing
The College requires a Statement of Professional Standing from each jurisdiction outside Ontario where you have been authorized to teach or be a principal. This statement provides the College with a reference for your past professional practice and confirms your professional education program lead to a licence to teach in the jurisdiction.

The statement must not be older than one year from the date the College receives it. The licensing authority (most likely an education ministry) must send it directly to the College. The statement must verify if your certificate has ever been suspended, cancelled or revoked.

This applies to the jurisdiction where you completed your teacher education program even if you never taught in that jurisdiction.

Documents that an institution must send on your behalf, like a Statement of Professional Standing, must come directly from the institution to the College. The College cannot accept them from you, even in an unopened, sealed envelope.

All documents not in English or French must be translated. See page 7 for translation requirements and accredited translators.

Educated outside Ontario?
Applying to the College

You may begin and complete the application process even if you reside outside of Canada.

You can begin your application at any time, even if you are about to begin or are currently enrolled in a teacher education program. You will be required to provide several documents. Some must be submitted on your behalf. To prevent delays, you should request documents, particularly from international institutions, at the beginning of your application process.

The College is unable to assess your application and render a decision until all required documents have been received and deemed acceptable. Any missing or incomplete documents will delay the processing of your application and rendering of a certification decision.

How to apply

To begin an online application, go to www.oct.ca/becoming-a-teacher/applying. You must submit a registration fee with your application. If you completed a teacher education program outside Ontario and are not certified to teach elsewhere in Canada, you must also pay an evaluation fee.

Approximately 10 to 15 days after your payment has been processed, we will provide you with a complete list of documents you need to submit or have sent on your behalf to the College by posting on your online Document Status page. This process may take longer at times.

Please allow 10 to 15 days to update your page after we receive a document. At times it can take longer. When submitting documents to the College, it is important to follow the requirements set out on pages 7 to 15 of this guide to avoid delays. For example, if a transcript is not received directly from the institution or does not contain all of the required information it will not be accepted.

Once the College has received all your required documents – including the documents submitted on your behalf – we will make best efforts to advise you within 120 days whether you are eligible for certification. Generally this process takes less time.

You may incur additional costs associated with the College application process, including expenses related to translation, language proficiency tests, criminal record checks or obtaining transcripts or other documents. You are responsible for payment of these fees. Current fees are listed on the College website at www.oct.ca.
