HOW TO REGISTER

Please read the entire guide before you start. We have provided a glossary on page 21 for your reference.

Step 1: You will need to submit some documents with your application and arrange for other documents to be sent directly to the College by institutions on your behalf.

If any of your documents are in a language other than English or French, you will need to have them translated before you submit them to the College. (See Translation Requirements on page 2.)

Step 2: Contact the institutions where you completed your postsecondary education and ask them to send the documents you need directly to the College.

If the College receives your documents in a language other than English or French, we will send copies to you.

You will need to have these documents translated and return them to the College. (See Translation Requirements on page 2.)

Step 3: Send in your registration form, the documents you submit yourself and fees.

Step 4: When the College receives all requested documents and fees, we will evaluate your qualifications.

If you meet the requirements for certification, the College will notify you in writing requesting payment of the annual membership fee (currently \$120).

The fees are based on the calendar year and are not pro-rated. If you join the College in November, you will still have to pay the full amount.

The College will send you your interim certificate. This is your initial licence to teach in Ontario.

OR

If you do not meet all of the requirements, the College will tell you which additional steps you need to take.

How Long Will It Take?

When we receive all the documents you are required to submit with your application and your fee has been processed, the College will issue you a registration number. This process can take between 10 to 15 business days. During that time, we will advise you in writing if there are still required documents outstanding.

The Registrar will use his best efforts to make a decision about whether to issue a certificate within 120 days once all required documents are received.

Your application will be valid for two years. If, at the end of that time, the College has not received all the documents required, the College will evaluate your application based on the available information and tell you which additional steps you need to take to become certified.

All Applicants

The College is unable to waive requirements for any documents. If you apply and are unable to complete your registration, the College does not refund fees.

All documents submitted to the College become the property of the College. Please make copies of documents before you submit them. We are unable to return submitted documents.

The College does not accept assessments of your qualifications made by other organizations.

The College may request additional documents beyond the requirements in this guide. Occasionally we require clarification regarding submitted documents.

If you are a teacher of technological education, please see page 9.

The list below indicates which teaching subjects are considered technological education:

- Communications Technology
- Construction Technology
- Hospitality Services
- Manufacturing Technology
- Personal Services
- Technological Design
- Transportation Technology

TRANSLATION REQUIREMENTS

To make it easier to match your documents to your records and speed up the application process, please arrange to have an English or French covering letter included with any foreign language document. This letter should include your name in English or French and College registration number, if you have received one.

If you require an original translation for other purposes, you may want to ask the translator to issue you two copies as all documents submitted to the College become the property of the College.

When the College receives official documents from the granting institution, we will send copies to you. You must arrange for official translation. Once you have the copies translated, please submit the foreign language document along with the original translated version.

Original translations will be accepted only from:

- a translator accredited by a professional association of translators in Canada
- a translator who has received accreditation through a federal, provincial or municipal government in Canada
- the consulate, high commission or embassy to Canada of the country that issued the documents
- a Canadian embassy, consulate or high commission in the country from which you emigrated.

To obtain the name of an accredited translator, contact the Association of Translators and Interpreters of Ontario (ATIO) at 1-800-234-5030 or 613-241-2846 (e-mail: info@atio.on.ca; web site: www.atio.on.ca).

If the ATIO is unable to provide a translator for the language you need, contact COSTI -IIAS Immigrant Services at 416-658-1600, info@costi.org or www.costi.org to arrange for acceptable translation.

All acceptable translations must be accompanied by an original statement indicating:

- the translation is accurate and authentic
- the translator belongs to one of the categories listed above (identification number and/or seal, name, address and telephone number required)
- printed name and signature of the translator.

CERTIFICATION REQUIREMENTS

- 1. Academic Qualifications** - Your degree (for example, a BA or BSc), must include the equivalent of at least three years of full-time study (in addition to the teacher education year) beyond the equivalent of the Ontario Secondary School Diploma (Grade 12). Your degree must come from an accredited postsecondary institution acceptable to the College.
- 2. Teacher Education Program** - Your program needs to include the equivalent of one year of full-time postsecondary study in education - a minimum of 30 credits. An acceptable teacher education program includes practice teaching, courses in foundations and teaching methods.

We will consider programs that combine academic and teacher education courses equivalent to at least four years of full-time study beyond the equivalent of the Ontario Secondary School Diploma (Grade 12).

Your teacher education program must have included at least:

- 40 per cent of one year focused on teaching methods – preparation in how to teach students in particular grades or subject areas
- 20 per cent of one year focused on education foundations – the history, philosophy and psychology of education
- 20 per cent in any other area of education
- a minimum of 40 days of practice teaching supervised by the program provider. (The College will accept evidence of at least one year of teaching experience as a certified teacher subsequent to your teacher certification if you have not met this minimum practicum expectation.)

The program must prepare you to teach grades in two consecutive divisions of the Ontario school system:

- Primary/Junior Divisions (Kindergarten to Grade 6)
- Junior/Intermediate Divisions* (Grades 4 to 10)
- Intermediate/Senior Division* (Grades 7 to 12).

*Any training that prepares you to teach the Intermediate or the Senior division grade levels must include methodology for teaching subjects at those levels.

The College will give you credit for a portion of an initial teacher education program done via distance education, if the program included a face-to-face practicum or if you have had one year of teaching experience outside Ontario.

You will still have to satisfy requirements for two methodology courses in a face-to-face environment.

Employment-based programs are not acceptable.

- 3. Certification in Another Jurisdiction** - You must have been certified/authorized to teach in the jurisdiction where you completed your teacher education program, even if you have never taught there.
- 4. Proficiency in English or French** - You must be able to communicate effectively in either English or French. See page 7.

DOCUMENTS AND FEES YOU MUST SUBMIT

Mail or deliver the registration form, documents you are submitting and the fee to the College.

If any of your documents are in a language other than English or French, you must have them translated according to the College's requirements (page 2).

Include the original translation and the translator's letter with the document when you submit your application.

1. **2010 Registration Form** - See page 12. Be sure you sign the Applicant's Declaration on page 17.
2. **Proof of Identity** - To complete your registration, the College requires proof of your identity - a copy of an official document that shows your full legal first, middle and last names at birth and the date and place of birth.

All applicants must submit a photocopy of one or more of the following documents that includes all of the information above:

- birth certificate
- Canadian or foreign passport (must include middle names)
- certificate of baptism if born in Québec or Newfoundland and Labrador (prior to January 1994)
- Canadian Immigration Record and Visa or Record of Landing (front and back)
- Permanent Resident Card (front and back)

Drivers' licences, Ontario Health Cards and Canadian Citizenship Cards are NOT acceptable proof of identity documents.

3. **Proof of Name Change (if applicable)** - Marriage is the most common reason for name changes. If you changed your name when you married, please send a photocopy of your marriage certificate.

If you have legally changed your name, please send a photocopy of either:

- the change of name certificate
- the court order that changed your name.

4. **Canadian Employment Authorization (if applicable)** - If you are not a Canadian citizen, submit a photocopy of:

- a valid work permit issued by the federal government indicating you are not restricted from working in a school environment

OR

- the front and back of your permanent resident card or Record of Landing form.

5. **Teaching Certificate(s)** - You must submit a copy of a document that confirms you were authorized to teach after completing your teacher education program. A copy of this document is required even if you did not teach in the jurisdiction where you completed your teacher education.

If you were also authorized to teach in other jurisdictions, you must provide copies of the authorizations issued by those jurisdictions as well.

The College knows that many countries do not issue teaching certificates. For many applicants, this requirement can be met by sending a photocopy of your teacher education degree or diploma scroll to the College. For more information see the College web site (www.oct.ca → Internationally Educated Teachers → Country-specific Info) or contact Client Services for more information.

6. **Canadian Criminal Record Check Report** - The College requires all new applicants to provide original signed reports of criminal record checks with their applications for membership and to complete an Applicant's Declaration (page 17) about their suitability for registration. The two requirements provide increased protection for students and help ensure that teachers are worthy of the trust placed in them by students, parents and colleagues.

You may obtain a criminal record check report from a local, regional or national police service. There are also companies that will arrange for a criminal record check report on your behalf through an agreement with a local police service.

You may wish to conduct a web search to identify the police service or company that can assist you in obtaining this report.

Whichever method you use, the report must indicate that a search was done using the Canadian Police Information Centre (CPIC) database.

The original signed Canadian criminal record check report **must also not be older than six months** from the date the College receives it.

Your full name listed on the registration form, proof of identity document(s) and change of name document(s) (if applicable) must match the name(s) appearing on the criminal record check report and the report must indicate that a search was completed on all names you are currently using or have used in the past.

The College considers and assesses each positive criminal record check report individually. A criminal record does not mean that you are automatically ineligible for certification by the College.

If you have answered “yes” to any of the questions in the Applicant Declaration, be sure to provide a signed, detailed explanation of the events. All applicants must provide full details of any criminal offence in any jurisdiction.

Providing false or incomplete information to the Ontario College of Teachers is considered an act of professional misconduct and grounds for the rejection of your application.

- 7. Fees** - The non-refundable fee of \$362 includes your \$140 registration fee, a \$222 evaluation fee, and applicable taxes. Fees are subject to change.

You will be asked to pay the annual membership fee (currently \$120) once the evaluation of your application has been successfully completed.

If you are certified in a Canadian province, other than Ontario, you don't need to pay an evaluation fee. You need to pay \$140 registration fee.

You may mail in your payment with your application by:

- including a cheque or money order made out to the Ontario College of Teachers (postdated cheques are not acceptable)
- using a VISA, MasterCard or AMEX. Include the card holder's name, number and expiry date on your registration form. **Do not mail cash.**

You may pay at the College walk-in counter from 8:30 a.m. to 5 p.m., Monday to Friday, using any form of payment, including cash (Canadian funds only), cheque or debit card.

8. During the evaluation of your file, a copy of your secondary school diploma may be required. Please feel free to include it in your application.

DOCUMENTS INSTITUTIONS MUST SUBMIT FOR YOU

You will have to contact your educational institutions and ask them to send original documents directly to the College.

If the documents are in a language other than English or French, the College will send copies to you and you must take them to an accredited translator for translation. (See page 2.) Then send the original translation, the letter from the translator and the copy of the document back to the College.

The College requires:

- 1. Academic Record of Teacher Education** - Ask that your official teacher education academic record or transcripts be sent directly to the College. These must have the institution's seal and signature of the registrar. Transcripts should include the hours completed in each course.

If you completed your teacher education outside of Canada or the United States, in addition to the academic record, ask them to send the College an official letter with the institution's seal and signature of the registrar verifying:

- the dates you attended and completed the program and confirmation that degrees, diplomas or certificates were granted
- your name as it appears on your Ontario College of Teachers registration form
- the number of hours, days or weeks, grade levels and subjects you taught in the supervised practicum
- the hours of study you completed for each course according to each term or year of study
- course descriptions for each course within your teacher education program
- if your program focused on the secondary school level, the specific subjects from the list on page 19 for which you completed course work
- language of instruction
- method of delivery (for example, in-class, distance or employment-based).

If your transcripts do not contain the title of the credential you were awarded and/or the conferral date, you may be asked to provide a photocopy of the degree/diploma scroll or certificate you received when you successfully completed your degree.

The College recognizes that some jurisdictions issue academic records once only. (See www.oct.ca → Internationally Educated Teachers → Country-specific Info for more information.) If this is your case, bring your original academic record and diploma/degree document to the College in person or send it by mail for verification. We will return your original documents to you.

However, you must still arrange for the letter to be sent to the College that verifies the granting of the degree or diploma, the course content and hours of study for each course and the year you received the degree.

The letter from the institution must be current and provide details about the subjects covered in the teacher education program and ages of students you were prepared to teach.

If practice teaching was not completed as part of your teacher education program, please arrange to have official confirmation of at least one year of **successful** teaching experience sent directly to the College.

- 2. Academic Record of Postsecondary Degree(s)** - Ask that your official postsecondary degree transcripts, bearing the name of the institution, the institution's seal and signature of the registrar, be sent directly to the College.

If these degrees included credits transferred from another institution, arrange to have a transcript for these credits sent directly to the College from the institution where you completed those courses.

If you earned your postsecondary degree(s) outside Canada or the United States, arrange for a letter to be sent directly to the College with the institution's seal and the signature of the registrar verifying:

- your name as it appears on your Ontario College of Teachers registration form
- the hours of study for each course according to each term or year of study
- the name of the degree and the date on which it was granted.

If your transcripts do not contain the title of the credential you were awarded and/or the conferral date, you may be asked to provide a photocopy of the degree/diploma scroll or certificate you received when you successfully completed your degree.

The College recognizes that some jurisdictions issue academic records once only. If this is your case, bring your original academic record to the College in person or send it by mail for verification. We will return your original academic record and diploma/degree to you.

However, you must still arrange for the letter to be sent to the College that verifies the granting of the degree or diploma, hours of study for each course and the year you received the degree.

Some examples of academic records include:

- Poland *Indeks*
- India Mark Sheets (for each year)
- Germany *Scheine*
- France *Relevé de notes*
- North America Transcripts

See the College web site (www.oct.ca → Internationally Educated Teachers → Country-specific Info) for more information.

- 3. Statement of Professional Standing** - A Statement of Professional Standing is a letter from a licensing institution, such as an education ministry, that says your right to teach has never been suspended, revoked or cancelled.

This requirement applies even if you never actually taught in those jurisdictions.

See the College web site (www.oct.ca → Internationally Educated Teachers → Required Documents) for more information.

You must arrange to have this statement sent by each jurisdiction in which you have been certified/authorized to teach. The statement cannot be older than one year from the date the College receives it.

If you have difficulty obtaining any of your required documents, you may be able to submit alternative documents to complete your application. For more details please visit www.oct.ca → Internationally Educated Teachers → Required Documents.

The letter needs to confirm that the language of instruction for the **entire program** was either English or French when you attended the institution.
